Re: Performance at Chalkhill Community Centre

Chalkhill Community Centre would like to express our gratitude to Mr. Victor Richards for his production of *Streets Paved with Gold* at our Black History Month event on 28th October, 2011. As we have great diversity in our local community, the production's historical aspect was very much valued. In addition to providing an educational experience for our younger viewers and a nostalgic moment for our elders, the play was thoughtful and highly entertaining.

We would be happy to have Mr. Richards back at the Centre for other events, and are looking forwards to other contributions from V Jay Theatre Productions.

Kind Regards

Chalkhill Community Centre
